Hereward College
Implementing the SEND reforms
My future
Where are we now?
Building teams around the students and their futures
Person-centred and destinations led pathways

What does that mean?

- Study programmes
- Progress coaches
- Job coaches
- Independence Learning Support
- Transition in and out
- Independence
## Barriers and solutions

Collaboration! Collaboration! Collaboration!

With other colleges and providers
With schools
With Local Authorities
With parents and carers
With employers
With support agencies
With AoC and Natspec
More to do

Embed new roles and structures
Work with Local Authorities
Work with health and care agencies
Work with employers
Work with housing agencies
Build local offer in partnership
Build new models in partnership
The ‘F’ word!
New models of delivery

Solihull

- Trialling Education Health and Care Plan
- Partnership: students part-week Hereward College, part-week Solihull College
- Partnership: part-week Hereward College, part-week voluntary provider in Solihull
- Supported Internship National Grid
- Independence experience Oxfordshire students
Students’ experience and skills

Computology are a team of trainee IT practitioners.
Sherleigh: “We replace broken hardware, conduct PAT testing and install software. We currently have a contract to refurbish old college computers and sell them to Three Spires School. There are leadership opportunities for us as Year 2 students help to train Year 1 students.” These skills are valued in the workplace.
Students’ experience and skills

Aspergers Group

James, James, Robbie & Matt represent the college at The Autism Show. Excel, London. June 2012

Presenting the Autism Project to Senior Managers at The Council House, Coventry. June 2012

Consultation Workshop developing Warwickshire’s Autism strategy. February 2013

Scott: “It was the best thing I’ve done. I enjoyed looking round all the stalls. It gave me opportunity to practice my communication skills.”

James & Scott presenting The Project at the AOC Conference, Birmingham 2012
